School District of Holmen

Academic and Career Plan

The School District of Holmen is required by the Wisconsin Department of Public Instruction to have a five-year ACP Plan. The following represents how the district will meet the ACP. Additionally, an action plan is included to indicate the activities planned during the five year span that will meet the requirements of the plan.

Academic and Career Plan Coordinator

➤ **Co-coordinator of the district ACP program:**

- Executive Director of Instructional Services and Director of Safety and Student Services

➤ **Job description of the coordinators:**

- Create a college-going and career readiness culture
- Leverage relationships with local business and community leaders
- Coordinate family engagement opportunities with school leaders
- Ensure that all secondary students (grade 6-12) have the means, opportunity, and preparation to succeed in postsecondary education ranging from two or four year colleges, apprenticeships, certification programs, military, etc to be successful in the workplace.

District Education for Employment & Academic and Career Goals

District Vision: Educating every student to achieve global success

E4E & ACP Mission: Empower ALL students to travel the road TO adulthood through education and training for careers.

E4E & ACP Vision: Reimagining K-12 education to equip students with meaningful and supportive adult relationships and the ability to adapt to opportunities and challenges on their personalized journeys to successful lives.

➤ **Community Profile**

PI 26.03 (1) An education for employment long range plan shall be developed by the board....The plan shall include all of the following: (a) An analysis of local, regional and state labor market needs and the education and training requirements for occupations which will fill those needs. The [District's E4E Plan](#) displays these components.

➤ **The goals and objectives that have been established as priorities in implementing an E4E and ACP program:**

Academic and Career Planning, or ACP, is a student-driven, adult-supported process in which students create and cultivate their own unique and information-based visions for post secondary success, obtained through self-exploration, career exploration, and the development of career management and planning skills.

Know: Students will develop self-awareness and financial knowledge.

- Self-Awareness
 - Middle School Students
 - Interpret inventory results and articulate their personal strengths, work values, learning styles, beliefs, and interests, then link them to activities and experiences.
 - Set short- and long-term SMART goals and can articulate those goals as they relate to their strengths, challenges, beliefs, etc.
 - Revisit and revise personal, academic and career planning SMART goals information at least annually, to facilitate their transition to new schools and/or programs.
 - High School Students
 - Interpret and can articulate their personal strengths, work values, learning styles, beliefs, and interests identified in age- appropriate inventories then link them to selection of careers.
 - Identify evidence as expressed in activities, experiences and success that related to the information identified in the age- appropriate inventories.
 - Applies their skills, interests, work values, extracurricular activities and life experiences to vision development, goal setting, and creation of an ACP.
 - Knowledgeably discuss goals, progress toward their goals, and refer to their goals when they transition to new schools and/or programs.
 - Explain how their goals fit with their personal skills and attributes, current activities, and postsecondary plan.
- Financial Knowledge
 - Middle School Students
 - Create a mock budget for using income from a career of interest that addresses cost of living.
 - High School Students
 - Interpret knowledge of financial topics to compare personal finances, costs of postsecondary options, financial trends and outlooks of different careers, i.e., Return on Investment (ROI) of

financial choices.

- Summarize how financial concepts relate to personal goals and vision for the future.

Explore: The students will identify, explore, and interpret different career pathways, labor markets, postsecondary, and training options related to interests, strengths, and values.

- Career Exploration
 - Middle School Students
 - Identify 2-3 career clusters that are compatible with their interests, strengths, and values as identified in assessments.
 - Use general career pathway information that correlates to strengths, values and interests to identify careers of interest.
 - Describe how careers of interest relate to their assessment information and interests.
 - Make connections between skills acquired in and out of school and how they apply to careers of interest
 - Engage in a variety of extracurricular activities.
 - High School Students
 - Take age-appropriate inventories and assessments for career exploration and reflect on the results
 - Use general career pathway information that correlates to strengths, values and interests to identify careers of interest.
 - Describe how careers of interest relate to their assessment information and interests and reflect on areas for growth.
 - Understand the relevance of current studies and activities to developing technical, interpersonal, academic, and other key skills and understanding related to their career of interest.
 - Engage in job shadowing, informational interviewing, part- time work, and other career exploration.
- World of Work & Labor Market
 - Middle School Students
 - Understand salary, standards of living, connections to different careers, and education and training for multiple levels of jobs within the same career pathway.
 - Identify and exhibit positive social skills consistent with employability.
 - Participate in a service learning or volunteer activity.

- High School Students
 - Learn which different "soft skills" are needed for different pathways, and which are most crucial.
 - Use labor market and other information to understand how salary levels differ by level of education, job responsibilities and skills required.
 - Identify the financial impact of fringe benefits, work schedules, and other information related to the personal and financial value of specific careers.
 - Compare postsecondary options based on an analysis of up-front training costs, salary expected in desired career, to personal long term financial goals.
 - Develop effective tools for job seeking including resumes, job applications, cover letters, and interview skills..
 - Explore postsecondary opportunities for gaining technical skills, such as apprenticeships and certifications.
 - Participate in extracurricular or work-based learning opportunities that connect to the desired career cluster.
- Post-Secondary Education & Training Options
 - Middle School Students
 - Understand how middle school course-taking can affect high school options.
 - Have a sample plan for freshman year of high school
 - Know general pre-requisites for multiple postsecondary education & training options
 - High School Students
 - Access multiple sources for information on postsecondary programs, institutions, and scholarships/financial aid
 - Identify and compare multiple and different types of postsecondary options related to their career clusters, pathways and careers of interest.
 - Document at least two career pathway routes to achieve the same personal ACP goals.
 - Research multiple different postsecondary options against personal criteria for selection by attending post-secondary visit days, speaking with admissions officers, interviewing students or other staff/faculty, utilizing online career and post-secondary sites and their comparison search engines.
 - Evaluate postsecondary options with parents and supportive adults.
