

THE BEST TUTORS FOR YOUR CHILD.

With the use of technology and our vast network of qualified tutors, your child can receive the education they deserve from the privacy and comfort of your own home.

How We Help

Growth Reading Center offers one-on-one virtual tutoring with live instructors for struggling readers and children with dyslexia. We use an Orton-Gillingham based curriculum that emphasizes phonemic awareness, phonics, decoding, and encoding using a structured literacy approach. We are now offering MATH and SPANISH tutoring as well.

Visit our website or scan the QR code to schedule a meeting, join a webinar, or watch a quick presentation about how we can help.

Here are several ways we can help: In-school Reading Remediation, After-school Programs, Summer Camp Tutoring, & Referrals for Private Pay Clients.
