**NOVEMBER 2023 . VOLUME 12**

### LEARNING FLIES IN OCTOBER SKIES

October was packed full of so many fun things.

We ended our corn unit with making a corn maze out of legos. The students watched a video on how real corn mazes are made and they planned and constructed their own. Check out our Facebook page for pictures!

November will bring us lots of opportunities to be grateful and thankful. Our units and work will involve being kind and caring.

Love,  
Ms. Yang

### IMPORTANT DATES

Nov 5	Daylight Savings
Nov 6	No School
Nov 8	Early Release

**amazonwishlist**

### CONFERENCES

Conferences will be Tuesday, Nov. 14 and Thursday, Nov. 16, 4:00-8:00 PM. If you need help scheduling your student(s), please let me know.

## MATH FACTS

Almost all of our students are struggling with math facts. Math facts are the basic computations we use in daily math contents. They are mostly one and two-digits and are in addition, subtraction, multiplication and division. Examples are  $4+6$ ,  $2+8$ ,  $10-5$ ,  $20-3$ ,  $6\times 7$ ,  $10\times 0$ ,  $18\div 2$ , and  $6\div 3$ . Being fluent with math facts will help students become automatic in knowing basic math skills. This will help them be able to learn new math concepts easier. This is especially important as the students go onto the next grade level where math will get harder.

Please help your student(s) practice math facts at home. Being consistent with practice will help these skills stick. If you need resources such as flash cards or even iPad games, please let me know and I can certainly send some home or find the right fit for your child(ren).

## SNACKS

Please send snacks to school for your child(ren). They have snack in their classrooms everyday. A lot of them have been coming to me saying they don't have a snack and my extras are running low. If you need help with this, please let me know.

## FEATURED BOOK

[Click here](#) to listen to this story read aloud on Youtube.

## KIND AND CARING

We will be doing a lot of activities that involve all aspects of being kind starting in November. We may ask for you to be involved in some of these projects. More information come home soon!
