

What is PBIS?

PBIS is a process that ensures all students are respectful, responsible, and safe while at school.

It is the implementation of the best evidence-based academic and behavioral practice for improving academic and behavioral outcomes.

It is a process that focuses on improving a school's ability to teach and support positive behavior for ALL students, ALL staff, and in ALL settings.

Our Acknowledgement System

In the spirit of "Viking Expectations", classrooms are working together to reach a school wide goal.

Individuals or classes can earn acknowledgements or treasure tickets from staff throughout the building for demonstrating positive behavior.

When a classroom reaches their treasure ticket goal, a jewel is posted on our school-wide bulletin board located outside the office.

Once the school has reached the desired goal, a school wide celebration will take place to acknowledge the positive work of our students.

Please see our Viking Expectation Matrix inside this brochure!
